*Chef David* provided a delicious meal for Valentines Day! Be sure to stop in sometime soon to enjoy his new menu and appetizers while watching your teams compete in the NCAA finals! Please call to secure reservations when planning to dine at the Club.

*Devin Solovey our Golf Course Superintendent*, kindly provided a "State of the Course". His update is as follows: It looks like the weather might be changing for the better! As we all know February was an interesting month. We had a blizzard, flood and close to 60-degree temps. I have never before witness this kind of water on the course. All four of our ponds flooded out of their banks. Many fairways were submerged for close to a week.

This type of event can suffocate turf. During warmer climate it can cause massive outbreaks of disease. We have been lucky during this event due to the cooler temperature and the turf being dormant. I feel that the flooded areas will recover well.

The grounds crew has been busy finishing up maintenance on the fleet. We have also focused on pumping water from the course. We are hoping the weather cooperates with us so that we can get out and start cleaning up debris left over from winter. Hopefully we will see each other on the golf course in weeks to come.

Thanks for the update Devin!

## *Cashless*

April 1, MCC will be a cashless club. Dues can as always be paid by check or Credit Card. Dining, Merchandise and Events can be paid by Credit Card or Billed to the member. Tips as always can be paid in cash. Guests will need to pay by credit card. This move is to streamline our operation and eliminate balancing 3 cash boxes daily during peak season.

I thank you for your support, enjoy our great club and feel free to contact me or any of our board members with questions and or concerns.

Think Spring!
