

MAPLECREST
COUNTRY CLUB

AT THE 'CREST SUMMER 2026

A LETTER FROM KEVIN GRABER, CLUB PRESIDENT

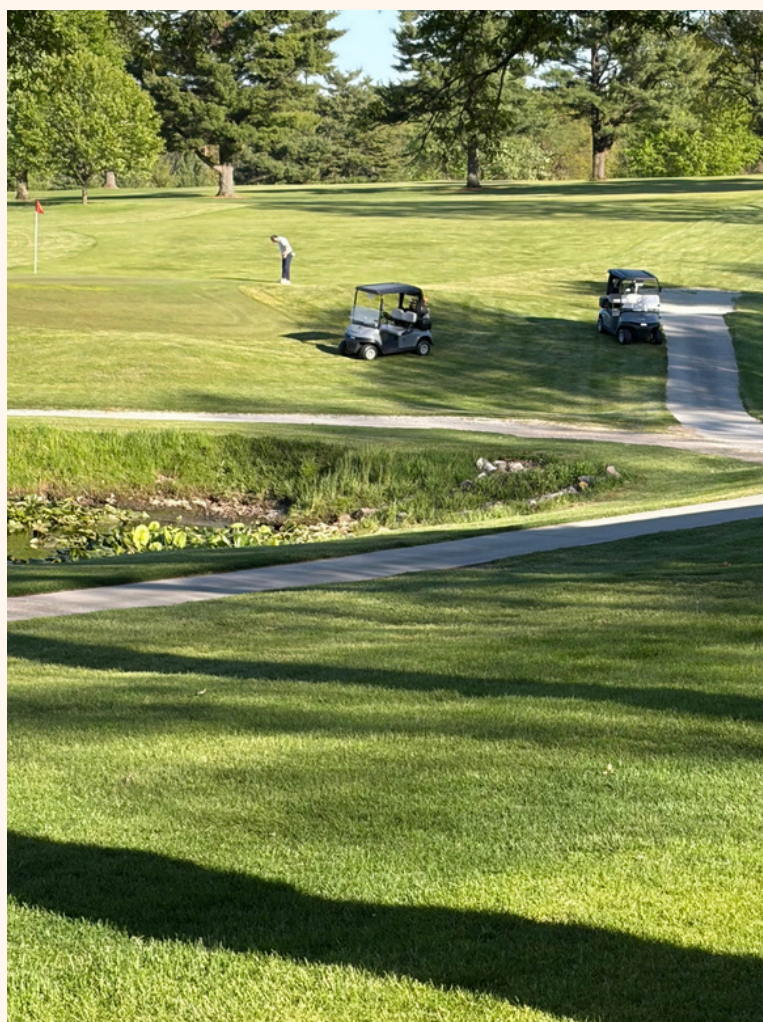

Happy Mid-August MCC Members! Well, I think we can all say summer is going too fast as we are just a few weeks away from September. I know a lot of people tend to stop playing golf after Labor Day but September & October golf at MCC is the best time to play golf. The condition of the course is always great but add in the little cooler weather and leaves turning colors it is my favorite time of the year.

As for the golf course, you are going to see a major project being started very soon. This project will not affect play but will be noticeable when you first get to MCC. Our smaller putting green closer to the cart barn is getting a makeover...and it is a big makeover. Watching the trends of new golf courses or other courses remodels, MCC will be making most of the grass area (small putting green and rough area) into one large 4-tiered practice putting green. You will see drawings below to give you an idea on what this new putting surface will look like. After much consideration from the MCC Board, the Greens Committee, and Quinto Golf (Golf Course Designer) the thought is to keep up with the improvement of the clubhouse and cart barn area while making a putting surface that will be better used for busy golf days, outings, & Junior Golf. Devin's team will be doing a majority of the work along with Quinto Golf's oversight that will help keep the cost low considering the size of the project. This project will also give us the confidence we need if/when we ever replace putting surfaces on the golf course. It will also allow us to get creative with the current larger putting surface making it a short game area or something else entirely. No decision has been made there yet as we want to finish this project first and then move forward.

As I mentioned in my opening I feel like the golf course has been in great shape all year. I have noticed in my last few rounds a lot of ball marks not getting fixed on the greens, divots not replaced or filled with sand, and the #1 thing on my list of things we can do to make the course better for everyone.... keeping carts on the cart path when you are pulling up to the green! I do realize not all the holes have cart paths around the green, but a lot do. The goal is to keep at least 30 feet away from any green with your cart. You will see in the photo (Hole # 1 a few weeks ago) what I am referring to too. I've sat in numerous board meetings and watched golfers pull up to 18 between the cart path and the green. Our goal is to make the conditions around the green as best as possible. Pulling carts into these areas makes managing these conditions difficult. Some of the same people that want to complain about a bad lie around a green are the same people that ignore cart paths. I encourage everyone to please be cognizant of what you are doing on our golf course. This course belongs to all of us, and we should all want it to look and play as good as possible.

Thank you!

Kevin Graber
Maplecrest Country Club - President

GOLF OPERATIONS - CARL LAYHER, PGA

Hello Member!

Holy (insert adjective) lol! Where has the Summer gone!?! It seemed like a couple of weeks ago we were finalizing plans for the Men's Invitational and here we are getting ready for football season!?! With that said we have plenty of golf left here at the 'Crest this Fall and we hope you're ready to enjoy it with us.

Golf Shop

With the hustle and bustle of school getting started we know your time is limited, if you have a spare moment be sure to stop by the Golf Shop as we are slowly getting in our Fall gear as well as all new Collegiate and NFL Football wear! As always, we hope to be your one stop Shop for all Golf and Lifestyle needs...if there is something we don't have please don't hesitate to let us know and we will do all we can to get it for you.

Tee Times/Fivesomes

As many of you know, by now we have an online tee sheet as well as the opportunity to book tee times by calling the Golf Shop (574-533-1925). Our online tee sheet can be found on the MCC App or via our website...www.maplecrestcountryclub.org.

By making a tee time it helps us to better serve you while also showing your fellow members how busy we are based on the availability that shows on the online tee sheet. We will always honor those who have a starting time before those just walking in.

On the flip side please keep in mind that if you do have a tee time we cannot assure you that there will be open space ahead of you when you arrive, we can only assure that you will tee off on time at the time you booked. At the end of the day, we hope to have a full tee sheet, with a full bar, and lots of happy members and guests playing fast golf lol!

Our pace of play goal continues to be 3 hours and 45 minutes to navigate your way around MCC. If this isn't possible for your group, we just kindly ask that you let faster groups play through barring there is room ahead of you. At no time is it ok to be in a group of five or more and not let groups play through. Playing in more than a foursome is a luxury and if it continues to be abused, we will (understandably) have to move on from allowing it. At the end of the day, it's about common courtesy and treating others the way you wish to be treated.

Indiana PGA Pro-Lady Champs!!!

Need to give a shout out to our 2026 Pro-Lady Champions...Ashley Graber, Callie Miller, Sophie Hollinger, and Spencer Mortola! The squad from MCC represented with flying colors as they convincingly won the morning wave and then held on to win the overall championship by 1 shot over a team from Pine Valley Country Club. Don't worry Soph and Spence remind Carl almost daily who the champs are around here lol!

Ladies Interclub

This season the women of MCC have been participating with other area private Clubs in a traveling Interclub Series. So far we have traveled to Morris Park CC, South Bend CC, hosted here at MCC this past week and will travel to Elcona CC in September. After three sessions MCC holds a 45 point lead over the next closest competitor as we head into the final matches at Elcona! We can't thank all the ladies who have represented the Club to this point enough as it has been a ton of fun to be a part of. Let's finish it off MCC!!!

Junior Golf Week

To put it mildly this years Junior Golf Week errored on the side of fun. With 80 kids 15 and under (30 between the ages 5-7) the game is going in the right direction MCC! We want to thank our sponsors, the parents, and most importantly all the kids who were able to participate this year.

The smiles, the laughs, and the great shots made it a week to remember. Congratulations to all our drive, chip, and putt winners! We can't wait until 2027!

Drive, Chip, & Putt Champions

5-7

Girls

Putting: Isabella Pendley
Chipping: Harper Ebenroth
Driving: Hallie Gipson

Boys

Putting: Corby Miller
Chipping: Kolton Eaton
Driving: Zander Chupp

8-10

Girls

Putting: Peyton Kehr
Chipping: Peyton Kehr
Driving: Peyton Kehr

Boys

Putting: Charlie Schneider
Chipping: Maddox Patel
Driving: Caleb Graber

11-15

Girls

Putting: Natalie Miller
Chipping: Natalie Miller
Driving: Jenna Beer

Boys

Putting: Owen Voelker
Chipping: Clay Hougland
Driving: Easton Caldwell

5th Flight: Gary Chizum

WOMEN'S CLUB CHAMPIONSHIP

Macey Riegsecker

MINI-INVITATIONAL

Gary Chizum/Brent Hernandez

ON THE COURSE - DEVIN SOLOVEY, GCSAA

Hello Member!

I'm sure you are asking yourself the same question I am...How can it be August already? Compared to how bad things truly go across the state of Indiana the golf course fared well through the major rain we received. I think we all can agree that "fortunate" is the word that comes to mind given what some of our close neighbors are going through. We will continue to add more drainage as well as sod the areas where the turf was lost to help mitigate damage in the future.

Many of you may have noticed that we will be doing our Fall Greens aeration on Thursday, August 27th. That "Thursday" is not a typo as this Fall Aeration will coincide with the putting green project, we will start that Kevin spoke about earlier.

As with many of our projects over the last couple of years, this will be a short-term pain (being closed on a Thursday in August) with a long-term gain (using our own aeration cores to seed the new putting green/lawn).

We are certainly excited about the opportunity to improve our practice areas and your overall experience here at MCC, we just ask that you follow along with traffic patterns for the day around the Putting Green/Clubhouse and we will do our best to keep things as clean as possible.

There is still plenty of great golf left this Fall so we look forward to seeing you on the course!

All the best,

Devin Solovey

Director of Grounds

REMEMBERING MR. JOHN FIDLER

As we all mourn the passing of Mr. John Fidler the board, membership, and staff want to send our heartfelt condolences to the entire Fidler Family.

Words are not nearly enough to describe, remember, or thank a man of Mr. Fidler's stature. It is no secret around Maplecrest that Mr. Fidler by all accounts has been the most influential member throughout the Club's history. Literally being the culprit who was instrumental in building the very walls we reside in today. Aside from having his fingerprints on much of the progress over time at MCC, Mr. Fidler had the hearts of all of us.

He will be remembered for his caring, charming, and quick wit personality but more importantly for the way he made all of us feel!

Not many days will go by where we don't think of John and his beloved wife Lois when it comes to where the Club has been, where it is now, and where it is going. We can only hope to live up to the legacy and principles left here by both, a legacy that will live on forever.

We can't thank you enough John and Lois, we know you'll be watching over us.

**With Much Gratitude,
Your Family at Maplecrest Country Club**

CLUB INFORMATION

ACH BILLING AVAILABLE!

Reminder we have ACH billing at the 'Crest. ACH billing allows members to conveniently pay their monthly statements through secure automatic bank withdrawals, eliminating the need for checks, stamps, or credit card payments. This new option provides a simple, reliable, and hassle-free way to keep your account current while ensuring payments are processed on time each month. Members can enroll using the following link:
<https://sc.cps.golf/MaplecrestBilling/>

For any questions regarding billing or memberships please contact **Sophie Hollinger** gsmanager@maplecrestcountryclub.org
